

LESSON IDEAS

classes for children aged 5-6 using ICT tools

Teachers: Klaudia Chęcińska

Time: 45 minutes

Developing Key Competences:

Emotional intelligence, Language competences, social competences, the ability to cooperate with peers, teamwork, use of CT tools in the process of preschool education.

1. Group work - Mute before class - using an illustration covering the mouth, given by children with the use of clamps.
2. Collective work: Matching the right emotion to the color of the card: fear, joy, anger, sadness.
3. Working in a group: a smartphone with an installed QR SKANNER application is made available to children, each child in the group selects the code one by one and reads the information using the application, and then properly categorizes it into the appropriate board.

The result of the task are interactive charts presenting behaviors during specific emotions.

4. Working with technologies and developing IT skills:

- a. Tic Toon photo editing app - Apps on Google Play.
- b. Inshot - movie maker application - video and photo editor - Apps on Google Play.
- c. You Tube - posting short videos on the YouTube channel.
- d. www.qr-online.pl - free QR code generator
- e. QR SKANNER - application for scanning QR codes to be installed on a smartphone, tablet - Apps on Google Play. Using the application, children will read QR codes and match them to the appropriate board.

A short video on how to implement ideas:

https://youtu.be/B4TSLla_nQQ

Awaited results:

- Children know and name emotions
- They break the barriers of shyness, communication and increase their faith in their own abilities.
- They develop skills in using IT tools.
- They develop social competences - cooperation.

Images can be used as separate resources.

A ready-made film with children can be used:

- to learn vocabulary,
- recognizing and naming emotions.

Resources used:

Phone or tablet

Tic Toon photo editor app - Apps bei Google Play.

Inshot - Movie Maker App - Video & Photo Editor - Apps on Google Play.

You Tube - posting short videos on youtube channel.

www.qr-online.pl - free QR code generator

QR SKANNER - application for scanning QR codes to be installed on a smartphone, tablet - Apps on Google Play.

- felt aids showing emotions, boards with Velcro - own production.
