IDEA FOR A LESSON

classes for children aged 3-4

with the use of ICT tools

Teacher: Elżbieta Orybkiewicz

Time: 20 min

Developing key competences:

- social competence

- language competences

- the ability to take initiative

- the ability to understand messages

-emotional intelligence, creating and interpreting concepts and feelings

-usage of CT tools in the early school education process

1. **Group work:** greeting each other with a common song "Everyone is, hello to you",

the teacher asks a question for each student: How are you today?

(good, bad, sad).

2. **Brainstorming:** talking about emotions, what situations they occur in, how they can be expressed.

3. **Group work, individual work:**

- showing students photos of emotions on a multimedia board

- asking you to look at the displayed pictures and to think what the correct emotion might be

- the teacher spreads smiles (emoticons) on the carpet

- asking the student to select an appropriate emoticon for the presented pictorial situation expressing emotions and proper recognition among the scattered facial expressions - individual work.

- after completing the task, together with the students, together in the group, we check whether we have assessed the emotions correctly in the picture - the teacher displays the correct emote on the board

- the teacher asks the children to jointly express a given emotion through movement, facial expressions and voice.

-thanking students for having fun together.

4. **Working with technologies and developing ICT skills:**

• using the applications Cartoon Photo, Pic Toon- converting photos into cartoon-Apps on Google Play

• using Canva- https://www.canva.com/

• InShot for creating flm, InShot- video and photo editor -Applications on Google Play

• Windows program - work cards

A short video on how to implement ideas:

Presentation in Canva:

https://www.canva.com/design/DAFN_8w49Ts/tY2yXqg7BWsOoKPgCkNdOw/view?content=DAFN_8w49Ts Netcampaign=designshare Przedsiębiorstwomedium=link

Awaited results:

➢ Students know and name emotions
➢ They represent emotions in a creative way
➢ They break the communication barrier
➢ They learn new words in their mother tongue and in a foreign language, developing language skills
➢ They develop social competences

Resources used:

∗ Phone or tablet
∗ Computer
∗ Word
∗ Canva- web application
